

# 17th International Heat Transfer Conference

Cape Town International Convention Centre,  
Cape Town, South Africa

14 - 18 August 2023

Dear Colleagues,

On behalf of the Organizing Committee, it is our sincere pleasure to invite you to participate in the 17th International Heat Transfer Conference (IHTC-17), taking place from 14 -18 August 2023, at the Cape Town International Convention Centre, Cape Town, South Africa.

Please take note of more details in the attachment.

Your *Abstract Submission* can now be made through our *Submission & Review Portal*!

**GET STARTED**

The International Heat Transfer Conferences are the world's premier conferences (nicknamed the "Heat Transfer Olympics") for scientists and engineers in the heat and mass transfer research community. The conferences are convened every four years to exchange the latest heat and mass transfer information. Previous conferences have greatly enhanced our exchanges of knowledge and experience and nurtured new and interdisciplinary research areas. IHTC-17 will continue the increasingly important mission of fostering international cooperation and the exchange of ideas among colleagues to solve urgent problems and improve peoples' lives in the years ahead.

The conference is hosted under the auspices of The Assembly for International Heat Transfer Conferences and is supported by the South African Institution of Mechanical Engineers, International Centre for Heat and Mass Transfer, and the American Society of Thermal and Fluids Engineers.

Please use the button below to visit the conference website:

### **Conference Format**

The Assembly of International Heat Transfer Conferences (AIHTC) has decided that the "mode/format" of the conference will be a face-to-face conference in Cape Town. However, it might be changed to a hybrid format for delegates that cannot travel from countries with **COVID-19**, or other major travel restrictions.

### **Important Dates:**

Saturday, 15 October 2022 | Deadline for Abstracts Submissions

Monday, 03 October 2022 | Registration Opens  
Monday, 31 October 2022 | Abstract Acceptance Notification

Regards,  
Prof. Josua Meyer  
IHTC-17 Conference Chair  
Research Professor | Department of Mechanical & Mechatronic Engineering  
Stellenbosch University, South Africa
