

17th International Heat Transfer Conference

Cape Town International Convention Centre,
Cape Town, South Africa

03 – 07 July 2023

Dear Colleague,

"If I have ever seen magic, it has been in Africa." - John Hemingway

It is with heavy hearts that we need to announce the postponement of the 17th International Heat Transfer Conference which was scheduled to take place in August 2022. This decision was not taken lightly, but we hope that the current global pandemic, as well as its related travel restrictions, would have eased up by July 2023 giving more delegates the opportunity to attend the conference in-person in Cape Town, South Africa.

The new conference dates are Monday, 03 July 2023 to Friday, 07 July 2023, with arrival and onsite registration taking place on Sunday, 02 July 2023. All delegates are urged to be onsite from Sunday, 02 July 2023, to enjoy the full conference experience.

Further details as well as the *Call for Papers* will be sent out in due course.

We are looking forward to hosting you in sunny South Africa and thank you for your understanding.

Kind regards,
The IHTC 17 Team
