IHTC-17

Prof. Josua Meyer
IHTC-17 Conference Chair

*Department of Mechanical & Mechatronic
Engineering
Stellenbosch University, South Africa*

From

The Conference Chair

As the Chair of this prestigious conference, I am honoured to host this gathering of brilliant minds from around the world, all dedicated to advancing the field of heat transfer. With its stunning landscapes, rich cultural heritage, and warm hospitality, Cape Town, South Africa provides a perfect backdrop for our esteemed conference. Since the inception of IHTC in 1951, this will be the first time that the conference will be hosted on the African continent.

On behalf of the organizing committee, it is with great pleasure and excitement that I invite you to be an official sponsor and exhibitor at the 17th International Heat Transfer Conference in the beautiful city of Cape Town!

I have no doubt that you will not regret choosing one of our valuable Sponsorship & Exhibition packages detailed below, and look forward to meeting not only yourselves, but all the many progressive engineers, scientists, business professionals, educators, and researchers from around the globe, that will be in attendance.

What is IHTC-17

The International Heat Transfer Conference (IHTC) nicknamed the “Heat Transfer Olympics,” is the world’s premier conference for scientists and engineers in the heat and mass transfer research community, who convene every four years to exchange the latest information. Previous conferences have greatly enhanced mutual exchanges of knowledge and experience, and nurtured new and/or interdisciplinary research areas. IHTC-17 will provide participants with unique opportunities for exchanging new ideas and will facilitate extensive discussions throughout the conference.

We hope that IHTC-17 will magnify the contributions of the previous 16 meetings for the benefit of the international heat and mass transfer community and all people.

Why should we be a Sponsor & Exhibitor?

Exposure to a select group of engineers, scientists, business professionals, educators and researchers involved in the field of heat transfer from around the world.

IHTC-17 is focused upon its important mission to foster international cooperation and facilitate the exchange of ideas and information. To pursue these aims, we invite forward-looking engineers, scientists, business professionals, educators, and researchers from all over the world.

Well over 1000 abstract submissions were completed towards IHTC-17 and we hope that all of these authors, as well as their colleagues, will be in attendance in Cape Town.

Package Options & Cost

Platinum – USD (\$) 5 000.00

Gold – USD (\$) 3 500.00

Silver – USD (\$) 2 000.00

Bronze – USD (\$) 1 000.00

What exhibition equipment will we receive?

- Exhibition Booth (see images below).
- Standard Trestle Table with a white tablecloth.
- Signboard indicating your company name and the booth number.
- Electricity point (220/230 V at 50 Hz AC)

What should we bring with?

- Branding to decorate your Exhibition Booth including but not limited to pull-up banners, tablecloth etc.
- Handouts including but not limited to flyers, brochures, gifts etc.

What else do we get as a Sponsor & Exhibitor?

- Conference attendance, including daily lunch and tea/coffee breaks for two persons.
- Your company logo, profile and link on the IHTC-17 website.
- Your company logo, profile and link on the IHTC-17 Whova Platform website.
- Your company logo, profile and website address in the Conference Proceedings that is distributed to all attendees.
- List of conference attendees and their basic contact information (name, company & email address)

Please do not encroach on the space of other exhibitors. Your setup, including branding and handouts, must remain within the space you are provided.

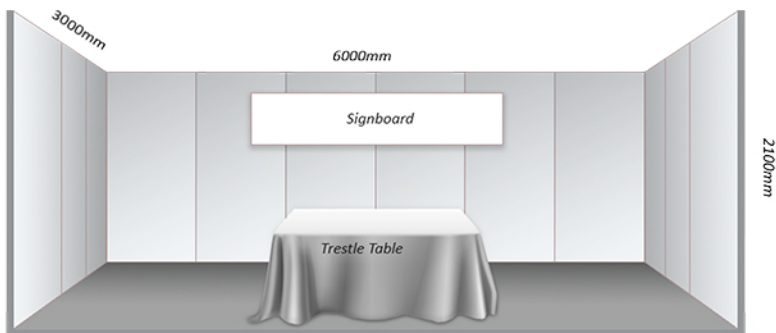

Take Note:

Although security will be present, and the exhibition area will remain locked during the evenings, the conference organisers/hosts, as well as the Professional Conference Organisers, do not take responsibility for, or guarantee against, lost, stolen, or damaged property, nor do they take liability for the exhibitors.
